# Hello!

My name is Alexis Bennett and I own Alexis Lecurgo Photography. I want to take a second and thank you for choosing my business. I have been a portrait photographer for ten years. I started becoming interested in photography in high school and continued my study's at Owens Community College. Throughout college I have found my passion in both portrait photography and weddings. Most recently I have taken photos of weddings, seniors, infants, couples, portraits and family. My technical skills I have both experience in natural lighting, studio lighting and different lenses. I have been in school for photography for six years and an Adobe Lightroom and Photoshop expert. I have recently earned two awards in a student show winning both Honorable Mention and First Place and featured in twenty+ magazines. Getting to know me, I am a people person I love to talk and make friends throughout my journey of meeting long term clients. I enjoy creating smiles and making my clients feel happy throughout their session. I am a fast pace photographer when it comes to delivering images on time and always on time. I am an expert on creative photography and have an eye for presentation. I also continue to put my heart and soul into my work and business each day.

Alexis did my daughters senior pictures. We spent months looking at photography websites and my daughter we less then excite. We came across Alexis lecurgo and my daughter light up with excited. In the 2 hours we spent together she captured not only my daughter's personality but also the vision she had. We gave a limited information on the vision but she got it. Not only do we love the photos she was so helpful throughout the process. I had quite a few questions and she answered them quickly and I knew what to expect. We are so extremely happy with our experience

My husband and I loved our experience with Alexis! She made us feel incredibly comfortable and she is very personable. I know our photos will be great as we didn't do any basic poses, the whole shoot felt genuine.

Alexis was very friendly, and I felt comfortable working with her! She made sure we had covered all of my needs before the day was done. I would recommend her to anyone that needs photography and help with posing!

Absolutely recommend Alexis! She does amazing work and she really wants your dreams to come true! She has always made me feel comfortable and listen to any concerns I may have during our photos shoots! I thank you for all your hard work you put into your craft and we will continue to choose you first for all our photo needs!
