Love Notes

If you are looking for a photographer who will help you loosen up & make everything run smoothly for you, Lexi & her crew are your people. I couldn't recommend Lexi & her team enough. Not only are they super talented, but they are there to help you with every little thing behind the scenes as well. Extremely personable & fun to be around. I couldn't imagine having anyone else capture our special day.

Rebecca & Austin ★★★★★

Lexi is the best photographer I have ever worked with! She shot my maternity photos, my engagement and my wedding. She is professional, fun and on time. She guided my husband and I through beautiful poses and had excellent time management skills. She took every photo we wanted and got us our beautifully edited photos back super fast! She is super supportive and has this way of putting people at ease. 10/10 would highly recommend!

Marissa & Nick ★★★★★

We could not have entrusted our wedding photos to any body better than Alexis Lecurgo Photography. Her and her crew were absolutely amazing with organizing our guests for photos and coordinating with our other vendors for major moments during the evening (ie. cake cutting, grand entrance, etc.). We even had multiple family members tell us throughout the night that she was fantastic and "really on top of things" to get whatever needed to be done, done. Not to mention the beautiful quality of the pictures and her wonderful personality throughout the entire day. Always making sure we were having fun taking pictures and getting goofy shots between events. We will surely treasure this experience with Lexi and highly recommend her to our friends and family!
